## Vision

A company with a diversified market base in the medium/ heavy metal fabrication industry. Maximizes resources, increases productivity and be a recognized leader in the industry.

## Mission

1. Continual improvement, supply & services on- time.
2. Value- added products.
3. Strict adherence to the requirements.
4. Efficient management of the project.
5. Innovative solutions in custom metal fabricating and manufacturing opportunities.

United Engineering Industries Private Limited, Bhopal is one of the premier houses for heavy fabrication with full fledged heavy fabrication shop. United executes projects for Steel Girder fabrication giving complete start to end solution. United is an ISO 9001: 2008, ISO 14001: 2004 & OHSAS 18001: 2007 certified company.

United is approved by RDSO for fabrication & supply of steel bridge girders.

United being located centrally, Bhopal being the capital of Madhya Pradesh. The production shop in- house facilities as mentioned:

- Total Plant Area- 96, 000 Sq. Ft, Area under EOT Cranes- 56, 000 Sq. Ft.
- Max. Lifting Capacity- 80 MT
- Shop Bay Size- 48 Meters (L) X 18 Meters (W) X 18 Meters (H- Under Hook)
- CNC Oxy/ Plasma, Pug Cutting Machines.
- Submerged Arc Welding Machines.
- Radial Drill & Magnet Drill Machines.
- End Milling Machines.
- Shot Blast Plant- Shot Blasting to prepare the surface for paint adherence.
- Metalizing- Spraying Molten Metal on cleaned steel, providing protective coating.
- Paint Shop- Painting as per customer's specification & requirement.

Further, we have complete assembly line to execute the project in stipulated time frame with well qualified and experienced staff. Key strength being one of the premier fabrication shops equipped with high performance machines & tools offering wide range of services.

### Some Glimpse of a Project Recently Executed

### Project Details

Railway Zone: Western Railway, Ratlam Div. Indore- Mhow Section

### Girder Dimension

Skew- Design

Length- 31200mm (12500mm + 12500mm + 6200mm)

Web Height- 1750mm

Flange Width- 650mm
